Besides this at departmental /School levels invited lectures are also being organized.

## **IPR and its related aspects**

March 14, 2018

The workshop was organized for the research scholars and Faculty members. Dr. Shweta Dang Associate Professor, JIIT gave the presentation on the case studies from pharmaceutical Sciences for patent filing. Dr. Indira P. Sarethy Associate Professor, JIIT gave presentation on the Indian Patent filing procedures. About 70 participants attended the workshop.

**IP Workshop**  
September 11, 2018

The workshop was organized for the research scholars and Faculty members. Dr. Lalit Ambastha & Dr. Amit Sudarsan, Patent wire gave presentations. About 90 participants attended the workshop.

PATENTS | DESIGNS | TRADEMARKS | COPYRIGHT | LICENSING | LITIGATION SUPPORT

**IPR Session for R&D Institute**  
IP Generation, Management & Utilization

**PATENTWIRE | IP ATTORNEYS**  
A-199, Ground Floor, Defence Colony  
New Delhi-110024, India  
Tel: +91-11-40366109; Fax: +91-11-24330039  
Email: [desk@patentwire.co.in](mailto:desk@patentwire.co.in)  
[www.patentwire.co.in](http://www.patentwire.co.in)

**PATENT WIRE**  
Where Inventions Live Long  
[www.patentwire.co.in](http://www.patentwire.co.in)

**[SESSION 1]: Patent Filing Procedures: Domestic and Overseas [approx. 30min.]**

It is noteworthy that 60% of the patent applications are rejected as they fail to meet basic procedural requirements which include poor drafting of specification and claim, improper management of deadlines, and non substantiated communication with patent agents and patent offices. Can (and should) we do anything to change things? The panel will discuss about the procedures of disclosing, drafting, reading, and filing.

**[SESSION 2]: Understanding the R&D workflow and possibility to incorporate IPR Policy within an organization and their benefits [approx. 30min.]**

R&D in itself is rigorous exercise involving a number of stages, which includes conceptualization, experimentation/study, analysis of the outcomes and most of the time ends in a publication. Slight moderation of the traditional flow of work and incorporation of IP as a concept can result into commercially successful innovations. The panel will discuss importance of patent protection over publication.

**[SESSION 3]: Technology Transfer aspect and their roadmap for proliferation of an organization [approx. 30min.]**

The aim of IP protection is 'Growth & Development' by minimizing competitive by acquiring monopolistic rights. However, unless such rights are utilized fully, they result into overhead expenditure as the maintenance cost of an IP inventory is high. One should consider portfolio pruning in order to maintain a balance. Licensing out, sell/spin-off, assignments are some of the options available for effective monetization of IPRs. The panel will discuss various aspects related to IP portfolio management.

**[SESSION 4]: Group Discussion and Knowledge Sharing [approx. 30min.]**

Ignorance or even lack of awareness is never an excuse in Legal & IPR domains. To be in the competition, it is always required to be more aware and more knowledgeable. The panel will discuss various issues relating to IPR with participants and share mutual experience and knowledge in related field.

**Duration:**  
Half day

**Who May Attend:**

The professors/research scholars involve in research, management, production & implementation.

**Program Aim:**

To make participants understand the concept of IPR and their utility in organization for technology driven business environment

**Program Objective:**

At the end of the program the participants should have developed an insight on:

- Basic concepts of IPR and their role in business growth, Types of IPR and their utility, procedures of filing and protection, domestic and international filing system
- Basic concepts of generation, protection, enforcement and commercialization of IP, Technology Transfer and Royalty Terms.

**Faculty:**

Lalit Ambastha & Amit Sudarsan, IP Attorneys.

**Lalit Ambastha**

IP Attorney

Email: [lalit.ambastha@patentwire.co.in](mailto:lalit.ambastha@patentwire.co.in)

Mobile: (91) 981-136-7838

#### **Designation**

- ✓ Founder, Patentwire | IPR Attorneys [[www.patentwire.co.in](http://www.patentwire.co.in)]
- ✓ Co-Founder, IPBazaar Technology Consultants Pvt. Ltd. [[www.ipbazaar.com](http://www.ipbazaar.com)]
- ✓ Co-Founder, InkPat, a prototyping division of Patentwire [[www.inkpat.co.in](http://www.inkpat.co.in)]

#### **Introduction**

**Mr. Lalit Ambastha** is an IP Attorney with more than 13 years of experience in the field of Intellectual Property. Lalit is empanelled as speaker and faculty with Ministry of MSME, Govt. of India, for IP Awareness Programmes organized by the Ministry. He is also empanelled as IP Consultant with Ministry of Skill Development and Entrepreneurship, Government of India.

Lalit has rich experience in IP Prosecution, Research, Management, Reporting, Analysis and Consulting. He has been dealing with patents across all major fields of invention for Indian and Overseas Clients. He has serviced applicants like the leading innovation developers across the Board with a specialized focus on General Utility, Chemical, Medical, Immunological, Biochemical, Herbal, Agriculture, Biotechnological, Pharmaceuticals, Mechanicals, IT and Electronics patents on novel products and processes.

Post gaining learning experience during his association with leading IP Law firms, Lalit founded Patentwire, a Patent and Technology Consulting firm, in 2008. Lalit holds Post Graduate Degree in Science and has LL.B. Degree. His strong commitment towards high quality services and his team building capabilities enabled firm establishment of Patentwire in the core area of high end patent and technology services.

In addition, Lalit is a Guest Faculty at IITs, Jamia Hamdard, NIESBUD, NIFT, ICSI and NIIPM and a regular speaker at various conferences organized by Public and Private Institutions.

*Specialties: Intellectual Property Advisory, Patent Drafting and Prosecution, Opposition, Prior Art Search, Freedom-to-operate, Technology Transfer Agreement, IP Valuation, IP Due Diligence, IP Audit, Commercialization, Trademark and Design Prosecution.*

#### **Amit Sudarsan**

Head Operations | Patents

Mr. Sudarsan has a vast experience in handling operations in Patents. He has managed and strategized operations in various service industries like US based LPO and KPO. He has also worked and is associated with various multinationals companies ranging from Biotech to Auto Industries. He has also been involved in commercialisation of various Mechanical products ranging from prototype creation to drafting licensing agreements.

His domain expertise includes Mechanical, Electrical, Electronics, Software, Medical Devices, Utility etc. He has worked extensively with Auto Component Manufacturer, Drilling Equipment Manufacturer, Recycling Industry, Waste Water Treatment Industry, Software Firms, and Independent Inventors etc.

At Patentwire, apart from managing and strategising operations, he is also involved in Liaoning with various Patent Facilitation Centres and developing business.

**INTELLECTUAL PROPERTY (IP) WORKSHOP 2018**  
Organised by  
**INTELLECTUAL PROPERTY (IP) MANAGEMENT CELL**  
**INTERNAL QUALITY ASSURANCE**

Innovation and

**INTELLECTUAL PROPERTY & ENTREPRENEURSHIP**  
Organised by  
**Foundation of Innovation and Technology Transfer, IIT Delhi**  
for Jamia Hamdard at Jamia Hamdard

Intellectual Property & Entrepreneurship Program was organized by Foundation of Innovation and Technology Transfer (FITT), IIT Delhi at School of Pharmaceutical Education and Research, Jamia Hamdard on 25<sup>th</sup> February 2020. The program was attended by esteemed faculty members, M. Pharm students and Ph.D. research scholars. Prof. Javed Ali, In-charge, IP management Cell Jamia Hamdard welcomed the audience and enlightened them about the motive of this program.

The program commenced with a lecture on 'IPR and its relevance' by Ms. Deepika Dhar. She enlightened the audience about patents and its filing procedure, rights of patentee and the various acts pertaining to the pharmaceutical industry. She also emphasized on how collaboration of academia and industry will be advantageous for both the sectors in bringing the technology to commercial market. The informative session was then followed by question and answers.

The second session was by Dr. Ashutosh Pastor on 'Entrepreneurship: Support ecosystem and funding opportunities.' The session was very interactive and he specifically discussed the importance of bio entrepreneurship, its socio-economic impacts and the various challenges associated with it. Prof. Sanjula Baboota expressed her vote of thanks to both the speakers for giving their valuable time to the institute and sharing their knowledge with the audience and also motivated the students for future goals.

## **IPR Workshop 2022**

### **Report**

One-day workshop was organized on 22 November 2022, by Centre of excellence in Unani medicine (Pharmacognosy and pharmacology) on IPR issues and patenting of herbal drugs at SPER, Jamia Hamdard New Delhi.

The workshop was chaired by the respected Dean SPER, Prof Vidhu Aeri & Prof Farhan J. Ahmad, Department of Pharmaceutics, SPER, JH. Prof Sayeed Ahmad welcomed Prof Vidhu Aeri & Prof Farhan J. Ahmad with a planter. Welcome address was performed by Prof Vidhu Aeri and Prof Farhan J. Ahmad in person. Eminent speakers of the session Dr. Vishal Tripathi and Mr. Lalit Ambastha, were introduced by Prof Sayeed Ahmad. Both were welcomed with a planter by the chairs.

Dr. Vishal Tripathi spoke regarding grant of Indian patent and Mr. Ambastha spoke on journey of patent innovation.

Vote of thanks was given by Organizing Secretary, Dr Rabea Parveen, Department of Pharmaceutics.

More than hundred and twenty-five students participated for the workshop.
