

SCIENCE IMPACTS LIVES

India 9-13 January 2017

Invitation

Nobel Media cordially invites you to a Q&A moderated session with Nobel Laureates at Nehru Memorial Museum and Library on the theme:

Strengthening ties between science, government and industry – a recipe for innovation?

The seminar is a part of Nobel Prize Series India 2017, an extensive programme combining an exhibition, conference, lectures, roundtables and other meeting spaces. By sharing achievements and stories of Nobel Laureates with a global audience, this official Nobel programme inspires engagement in science, literature and peace in line with Alfred Nobel's vision.

Participating Nobel Laureates:

William E Moerner, Nobel Prize in Chemistry 2014

"for the development of super-resolved fluorescence microscopy".

Harold E Varmus, Nobel Prize in Physiology or Medicine 1989

"discovery of the cellular origin of retroviral oncogenes".

Serge Haroche, Nobel Prize in Physics 2012

"for ground-breaking experimental methods that enable measuring and manipulation of individual quantum systems"

Moderator:

Mattias Fyrenius, CEO Nobel Media AB

12 January 2017, 10 am - 11.30 am

Nehru Memorial Museum and Library
Teen Murti Bhawan
110011 New Delhi

Refreshments will be served

We are looking forward to your reply. Please [register](#) to participate no later than 6 January.

Welcome,
Lars Heikensten, Executive Director of the Nobel Foundation
Mattias Fyrenius, CEO, Nobel Media AB
