ENGLISH LANGUAGE FOUNDATION COURSE

It has been observed that certain students particularly, who come from non English speaking countries/ geographical regions are not well versed with spoken/ written English up to the desired levels with which they can satisfactorily go along and pass their professional courses examinations. Due to this very fact, despite being talented, hardworking and committed to their studies, these students are not able to perform appreciably in their respective programs of study at Jamia Hamdard. To take care of this aspect, Jamia Hamdard conducts an 'English Language Foundation Course' of Three months / Six months and Nine months duration.

To evaluate the level of understanding of English language, Foreign Students' Advisor Office conducts an 'English Language Proficiency Test'. All the newly admitted International students are required to appear in this test.

It is mandatory for an International student, who either fails / secures less than the desired scores or fails to appear in this proficiency test, to join the English Language Foundation Course of either 03 months or 06 months duration (depending on the scores secured in the proficiency test). Option is also available for the foreign students for taking 09 months duration English Language Course as well.

In addition to the annual and other fees of the main program of study at Jamia Hamdard, the eligible student will also have to pay for this English Language Foundation Course as per the University prescribed fee structure.

It is desirable, that International students join this 03 months / 06 months or 09 months 'English Language Foundation Course' well **before beginning of the academic session**. This course is also open for the International students, who are planning to take admission in any of the regular programs of study at Jamia Hamdard in the next academic session. Such students may be provided hostel accommodation if required, on normal payment of fee for boarding and lodging.
