**Minutes of Board of Studies (BoS) Meeting**

An online meeting of BoS of Department of Medical Elementology and Toxicology was convened on April 10, 2021 at 11:00 a.m. through the platform of Google Meet. The following were present:

1. Prof. K. H. Reeta	Expert
2. Prof. Waseem Ahmad Siddiqui	Expert
3. Prof. S. Raisuddin	Member
4. Dr. Haider A. Khan	Member
5. Dr. Basir Ahmad	Member
6. Prof. Suhel Parvez	Chairman

At the onset of the meeting Prof. Suhel welcomed the members of the BoS. He appraised the members of the BoS about the progress of the Department at various platforms. Prof. Suhel also appreciated keen interest and support of the Hon'ble Vice Chancellor for various activities of the Department. The Chairman presented the agenda items before the members for deliberations.

**BS1. Confirmation of minutes of previous BoS meeting**

The minutes of the last meeting held on 14<sup>th</sup> August 2019 were approved by Competent Authority and were notified to the Members. Members were informed that minutes have also been approved by the Standing Committee of the Academic Council of the University.

**BS2. Revision of Syllabus of UG and PG programs of Department**

The experts perused the existing Syllabus of M.Sc. and B.Sc (Toxicology). Based on feedback and inputs from students (existing and passed-out), opinion of subject experts from academia and industry it was proposed that changes may be made in the existing syllabus to increase the employability as well as broaden the horizon of future students to take up research in Toxicology and Interdisciplinary fields. Experts and members of BoS also offered suggestions regarding revision of the syllabus. The chair elaborated all the modification one by one which considered by the committee and approved following discussion.

**a. Syllabus of PG programs**

Following changes were agreed on by all the members and experts of BoS:

- The paper, Principles of Toxicology and Systemic Toxicology (MTX-101) was modified to Systemic Toxicology (MTX-101). The Principal of Toxicology component has been covered in the Foundation Course. The experts suggested that the Principles of Toxicology is the prerequisite for M.Sc. Toxicology course and it should be taught to the students in the Foundation Course.
- As per the committee suggestion, the paper, Molecular and Biochemical Basis of Toxicology (MTX-102) was renamed as Molecular Basis of Toxicology (MTX-102). A new paper entitled Biochemical Basis of Toxicology was introduced in syllabus of BSc Toxicology since it is more fundamental and basic in nature.
- The paper Food, Drug and Cosmetics Toxicology (MTX-201) was renamed as Food and Cosmetics Toxicology (MTX-201) and the contents of the course was modified accordingly. The Drug Toxicology paper will be taught as an independent paper in B.Sc. as this will complement the other papers focused on Pharmacology.
- Given the significance of Regulatory and Methods of Toxicology, the paper was split into two full papers: Regularity Toxicology (MTX-301) and Methods of Toxicology (MTX-302). The paper, Fundamentals of Intellectual Property Rights was revised and renamed as APPLICATIONS OF INTELLECTUAL PROPERTY RIGHTS (MTXOE-302) to provide more emphasis on the applications of IPR. Fundamental Aspects of IPR will be taught in B.Sc. Toxicology.

**b. Syllabus of UG Program**

- As per the committee suggestion, the paper, Molecular and Biochemical Basis of Toxicology (BTX-CC09) was converted into Biochemical Toxicology (BTX-CC09TH). Molecular Toxicology portion was introduced as Molecular Toxicology in PG program.
- The paper, Drug and Food toxicology (BTX-CC10) was revised and named as Drug Toxicology (BTX-CC10Th). The food portion of syllabus was moved to another PG program as Food and Cosmetics Toxicology (MTX-201).
  - Two laboratory courses Toxicology Lab-1 (BTX-CC01P) and Toxicology Lab-II (BTX-CC08P) were introduced in semesters III and Semester V, respectively. These labs covers experiments on

fundamental toxicology and its application in other interdisciplinary subjects like Pharmacology.

- As per suggestion of expert members, a new course Pharmacovigilance and Risk Management (BTX-CC19TH) was included in V semester of UG Program.
- As per UGC Guidelines for Higher Education institutions with letter no. D.O. No.4-6 / 2020(NSQF) dated 7<sup>th</sup> December 2020 a semester project (BTX-CC19) was approved in semester VI. The chair emphasized that the competencies demanded by the industry need to be embedded in our university curriculum so that the employment-employability gap is overcome.

**Schemes and Detailed syllabus of revised UG and PG Courses are attached as Annexures I and II respectively.**

### **BS3. Current status of Faculty Members of the Department**

Prof. Parvez informed all the members about the current status of faculty and teachers at the Department. The committee was informed that there are three permanent faculty on sanctioned positions and one faculty under UGC-Faculty Recharge Scheme. There are two guest faculties engaged for Rs. 25,000 per month for the current semester of academic session 2020-21. Both the expert members felt that with such exhaustive syllabus of UG and PG programs of the Department, recruitment of regular members should be done at the earliest. As the recruitment of regular teachers will take substantial time, it was agreed by all the members that instead of guest faculty at least two contractual faculty members should be appointed for the next academic year, 2021-22.

### **BS4. Project/Placement status of the Department**

Prof. Parvez updated the Committee about the student's placement status of the Department. He informed that the placement of the PG students and PhD scholars is satisfactory as most of our students get placed either in Academia or industry. It is very encouraging that PG students were offered very attractive packages in the previous academic session.

### **BS5. Examiners for lab courses and dissertations**

The Chairman, presented the panel of examiners for the students appearing in B.Sc-M.Sc (Toxicology) integrated course Semesters IV and VI and M.Sc. (Toxicology) Semester IV appearing end semester examination to be held in May 22 – June, 10, 2021 for kind perusal/inputs and recommendation of the members/invitees of the BoS, if any. After deliberation, the committee made necessary minor corrections and recommended the panel.

**SC 157 (3): TO CONSIDER AND APPROVE THE PROPOSAL FOR INTRODUCTION OF PAPER MHR-403: "IDENTITY, ISSUES AND CHALLENGES OF HUMAN RIGHTS IN INDIA" AS REPLACEMENT OF MHR-403: DISSERTATION/PROJECT WORK IN THE FOURTH SEMESTER OF M.A. IN HUMAN RIGHTS PROGRAMME AS RECOMMENDED BY THE BOARD OF STUDIES IN ITS MEETING HELD ON 22.05.2021.**

M.A. in Human Rights Programme of two years duration (four semesters) is offered in the Centre for Federal Studies. Presently, there is a provision of Dissertation/Project Work in the fourth semester of M.A. Human Rights. Since long, Centre has been observing that there is a problem with the dissertation/project work, particularly in the present scenario of pandemic, at the M.A. in Human Rights level. In view of this, a proposal was placed before the Board of Studies Meeting of the Centre for Federal Studies held on 22.05.2021 for abolition of the provision of Dissertation/Project by introducing a new paper given in Annexure as its replacement in the Fourth Semester of Masters' Degree in Human Rights. As the dissertation/Project carries 100 marks, the proposed replacement paper is also of 100 marks.

**Justification behind augmenting this proposal are as under:**

1. The test of plagiarism has been extended over the dissertation/Project of Masters level by the University Grants commission (UGC) as a mandatory provision since last year, that is 2020. The students of final year Master's Degree in Human Rights without being taught research methodology, ethics and technical necessities of plagiarism, find it extremely difficult to develop their plagiarism test compliant dissertation/Project despite rendering best possible counselling by the faculties. It is further notable that the period of dissertation/thesis submission by the M.Phil. and Ph.D. students has been extended time to time in view of corona pandemic whereas the M.A. doing students are deprived of such extensions/concessions by the UGC and are required to submit their dissertations in time. In this way, Time and Plagiarism testing becomes a challenge for the students.
2. Incidentally the mandatory provision of plagiarism test for the dissertations coincided with the beginning of corona pandemic since March 2020. In the given situation, the movement of the students to consult library, bookshops and teachers for preparation of the

dissertation is strictly restricted due to frequent lockdowns and health-related safety concerns. Therefore, the main source of the students remain internet and consequently their dissertations do not pass-through plagiarism test easily despite repeated attempts. As the scientists presume that this pandemic will take some two years' time to transform itself into an endemic, continuance with the provision of dissertation/Project is immensely problematic and impractical. Academic vis a vis pandemic, has therefore has become a real challenge and issue for the dissertation/Project submission by the students of pursuing Masters in Human rights.

3. The fourth-semester carries total 400 marks where each paper is carrying 100 marks including dissertation/Project Work (100 marks) and Viva Voce (100 marks). The academic content meant for teaching is only loaded with the 2 papers (MHR-401 and MHR-402) of 200 marks only. The proposal if acceded to would be instrumental in further enriching syllabi and academic content enrichment which would be helpful in enhancing the student's knowledge and understanding.
4. The intent behind the writing of dissertation/Project by the students is to develop their skill and acumen of reading and writing besides developing research orientation. To cope up and meet this requirement of the students, faculty would encourage students to submit assignments and tutorial discussions against each of papers.
5. The viva voce of the students is often mainly centered to their dissertation/ project work and the queries of the knowledge test finds the second fiddle. The proposal for the abolition of dissertation/Project work would further help in adjudging students extensively on their subject knowledge and critical understanding and analyzing real-life situations of contemporary world. The viva voce will now be more purposive in making an appropriate and overall assessment of the potential and performance of the students.

The Board of Studies of the Centre for Federal Studies decided that the MHR-403: Dissertation/Project work carries 100 marks, submission by the fourth-semester students of M.A Human Rights Programme may be done away and a paper as MHR-403: Identity, Issues and Challenges of Human Rights in India of 100 marks as per attached Annexure, may be

introduced with immediate effect from the students enrolled in the 2020-2021 session and onwards.

The above matter along with annexure are placed before the Standing Committee of the Academic Council for consideration and approval.

| • Prof. Suhail Pervez, PhD Coordinator | Special Invitee                |

The meeting started with a welcome note by Dean, SUMER. The dean welcomed the newly joined members. Thereafter the Dean proposed a condolence to the near & dears who have left in this tragic Covid-19 pandemic and observed two minutes silence.

The item wise agenda was discussed and resolved as follows:

**Item No. 1:**

Chairman read the minutes of the School Board meeting held on 4<sup>th</sup> March, 2021 and get approved.

**Item No. 2:**

Regarding adoption of CCIM regulations for UG & PG courses notified in Government Gazette 2013 and 2016 respectively, the matter was discussed in detail especially where there is some ambiguity in MSR and MSE like in examination pattern, distribution of papers, curriculum and syllabus available at CCIM website. In this regard, all the members agreed upon and unanimously resolved to adopt the CCIM Gazette notification in toto, however, it was resolved to follow the syllabus and curriculum available at CCIM website.

**Item No. 3:**

To start orientation course in Unani Medicine for Foreign Nationals, chairman apprised the house that there is demand from various foreign nationals and also from other institutions to facilitate an introductory course in Unani Medicine. This will make easy to the scholars of other systems to have first hand information and orientation about the Unani Medicine. This course will be helpful to propagate Unani Medicine globally. This course was already approved in principle by Academic Council of Jamia Hamdard in 2018 itself however could not be implemented. The details of course and curriculum were discussed in the meeting of Curriculum Development Cell (CDC) held on 28<sup>th</sup> May 2021 and the recommendation of CDC placed and considered in school board. This initiative was appreciated by members of school board and it was resolved unanimously to start this programme of 120 contact hours initially through online mode from the session 2021-22. The course details are attached as Annexure-I.

31/5/2021

Prof. Suhail Parvez has taken the issue positively and appreciated the initiative and informed the house that it will be a value addition to the SUMER as well as Jamia Hamdard, it will enhance the visibility and perception of Jamia Hamdard which is a positive sign for various assessment forum like NAAC and IOE.

**Item No. 4:**

Regarding starting of Ph.D programme in Unani Medicine, recommendations of Board of Studies of departments of Moalajat, Ilmul Advia and Tahaffuzi wa Samaji Tibb received to start the Ph.D programme in the disciplines where SUMER is already running the M.D programmes. In this regard, it was resolved to recommend and start the Ph.D programme from 2021-22 session. However, the micro details of eligibility criteria for aspirants and eligible supervisors, numbers of seats etc will be discussed at length in the due course of time. It was also resolved to follow the Ph.D ordinance of Jamia Hamdard.

**Item No. 5 (any other item):**

- a. The shortcomings of teachers pointed out by CCIM were also discussed and in this regard members were apprised about ongoing process of advertisement of various teaching positions of SUMER. It was resolved to adopt CCIM/UGC guidelines for eligibility of candidates for various posts. The details of teaching positions are enclosed herewith as Annexure-II.
- b. Prof. M.Z. Abdin appreciated the efforts of Dean, SUMER and his Team to start the Covid Centre at Majeedia Unani Hospital, and said that this initiative will fulfill the need of university staff members who were struggling for the Oxygen Beds during the surge of Covid cases in Delhi. The Dean, SUMER applauded the support, guidance and motivation received continuously from the authorities of Jamia Hamdard and top management.

The meeting ended with a vote of thanks.

**SC 157 (9): TO CONSIDER THE LETTER ISSUED BY THE UGC REGARDING 83 UG AND 40 PG NON-ENGINEERING SWAYAM MOOC TO BE OFFERED IN THE JULY 2021 SEMESTER.**

In the current scenario of the second wave of the COVID-19, the UGC vide its letter D.O.F. No.1-8/2017(SWAYAM Board) dated 28<sup>th</sup> May 2021 has requested to the Universities & Colleges to make optimum use of the SWAYAM online platform for the benefit of the students / teachers for 83 UG & 40 PG MOOCs courses, which are ready to be offered on the SWAYAM platform in July-October Semester-2021.

SWAYAM Courses may be approved and adopted on the recommendation of Dean, Academics / HoD for credit transfer and ratified by the Academic Council. The Universities which have accepted SWAYAM courses for Credit Transfer and those in the process of accepting the SWAYAM courses for Credit Transfer have been requested in the said letter to fill the UGC online form.

Further, in the wake of current COVID 19 pandemic scenario, the universities have been requested to popularize these SWAYAM courses amongst students and faculty through website and various social media handles to encourage more and more students to enroll in these courses to ensure uninterrupted teaching learning for students.

The above matter is placed before the Standing Committee of Academic Council for consideration.

## Jamia Hamdard - Kannur Campus

Jamia Hamdard Kannur Campus is the first constituent unit and the only one of its kind established by Jamia Hamdard, New Delhi under its ambit. The Campus started functioning in the year 2013. This campus is the dream project of late Shri E. Ahamed who was also a resident of Kannur with the lofty purpose of imparting higher education to youngsters of the region. The Campus was opened up with a view to provide quality education, to build and shape students for the competitive world. Kannur Campus is involved in various innovative programmes apart from teaching regular curriculum. These programmes have been carefully designed to provide students a clear edge in placement or further education. The Campus has excelled in all disciplines, curricular, extra-curricular and co-curricular activities. It is a young educational institute that has made a positive impact on its students, society and other stakeholders in a short period of around 7 years.

### Location

Jamia Hamdard Kannur Campus is ideally located in the heart of Kannur City, which is conducive for academic, intellectual and physical pursuits. The Campus is located very near to Arakkal Palace and Kannur Cantonment and is only a few kilometers away from Kannur Railway Station, Kannur New Bus Stand, Kannur University Thavakkara Campus, and Payyambalam Beach. Kannur City was the seat of the erstwhile Arakkal royal family. It had a rich legacy of tolerance and religious harmony symbolized by the reciprocal co-existence of the Chirakkal and Arakkal royal houses. The cordial relationship between the Hindu Chirakkal family and the Muslim Arakkal family had left a great cultural legacy in the region.

### Aims and Objectives

The Kannur Campus aims to build meaningful partnerships with the corporate, academic, government and social sectors that result into sustainable achievements, fulfilling the collective needs of various stakeholders and the society at large. We also offer special attention in life skill training, personality development, language proficiency and aesthetic development programmes. Kannur Campus offers the following courses :

### Under Graduate courses

#### 1. Bachelor of Arts – (BA English)

*Full-Time Course*

*Three-Years (6 Semesters)*

*60 Seats*

The BA English programme at Kannur Campus under the latest CBCS system as per the UGC norms comprises of a curriculum with papers and activities promoting the educational and professional demands of the present scenario. The course at various levels offers competitive exam related tutorials, skill enhancement courses and soft skill training sessions. The department promotes literary reading, creative writings, and participation in various colloquiums at national and international levels.
