SUMMER SCHOOL ON
NGS DATA ANALYSIS
8th – 12th JULY 2019
Over the past decade discoveries in biology and medicine are interdisciplinary nature and data driven, that require great extent of data analysis skills. Jamia Hamdard's five-day summer school on NGS data analysis provides a unique opportunity to learn data science. The curriculum is designed in such a way that participants will have sufficient time for hands on session. The program will introduce students to the basic concepts on NGS data analysis as well as will introduce them to Python programming language. All the analysis will be performed in Python and participants will get extensive exposure for hands on session so that they can write python scripts and run them to analyse NGS data. This summer school is also intended for those participants who have no prior experience in coding.
Registration Fee : Rs 6000*/-
Mode of Payment: RTGS/NEFT/DD (in favour of Registrar,Jamia Hamdard payable at New Delhi

Date- 01/02/2022

This is to express thanks and appreciation to **Dr. Sherin Zafar**, Central Coordinator for spreading awareness and holding Software Training workshops at **Jamia Hamdard University, Delhi.**

You are making an outstanding contribution of using ICT based teaching and learning methodology for students of Delhi from last one year. Your contributions to the implementation of Spoken Tutorial Project are significant and have played a part in it becoming the fastest growing NMEICT Project. Your excellent skills and courteous personality has helped tremendously in spreading awareness of Spoken Tutorial IIT Bombay.

I would like to personally thank you for contributing to the software training and awareness events in your Institute.

This work was done in association with the Spoken Tutorial IIT Bombay. As part of the National Mission on Education through ICT, Ministry of Education, Govt. Of India.

I am sure that we will continue to get your continued support for making India IT literate and spreading project existence in the Jamia Hamdard University and in Delhi.

17TH - 20TH APRIL 2018
DAY - 1and 2
• LAUNCH OF IEEE JHSB's ANNUAL MAGAZINE GIZMO – Born out of well-coordinated efforts of the entire IEEE JHSB's editorial board, this magazine will comprises of commendable content, a result and reflection of contributions from the entire IEEE JHSB.
• ONLINE CODING COMPETITION – This competition will be clarion call for all coding enthusiasts from all over Delhi-NCR, for an ultimate exhibition of coding skills in Python, Java and C++
• TREASURE HUNT – "All work and no play makes Jack a dull boy". So to break the monotony, we intend to organize a treasure hunt. Recreation mixed with logic, that's what we aim at with this event.
DAY –3 and 4
• DEBATE COMPETITION – Aimed at bringing out the best of vocation, this competition will focus on discussion of viewpoints on various technical issues of the age. Competitors from different institutes will have to put forward the best clauses and interjection, which will be a test of both knowledge and opinions.
• TECHNICAL ESSAY WRITING – It's one thing to have knowledge about rumbling issues of the technical world, but a it's whole new thing to be able to pen it down in a convincing manner. Putting both vocabulary and efficacy in writing on test, this competition will bring out the best of words from the attendees.
• BEST OF WASTE – Getting the best out of waste is the most important way one can contribute to the environment. Materials that are popularly used for best out of waste projects are newspapers, cords and threads, buttons, candy sticks, recycled bulbs, plastic bottles, any old furniture that can be revamped, the list is endless.
• WORKSHOP ON PYTHON - Inviting speakers and delegates from all over, we believe organizing a workshop is cardinal for this event. Not only will this provide all the attendees a chance to interact with denizens of the technical world, it will also create an aura where everyone will be able to learn something new and better, and leave the event with something fresh in terms of ideas and knowledge.

Kind Attention All Plz.
Madam/Sir
Plz see my trailing mail of August 08,2012 informing about online educational platform Coursera .Coursera was launched in the year 2012 and at that time there were just 12 Institutions offering online courses through it.Since then Coursera has grown many folds and now approx 150 world renowned Institutions are offering their online courses (MOOCS) on this platform.Faculty members and students may also explore this and some other platforms like Edx from MIT and Udacity again from Stanford University (Coursera was initially started by two Computer Science Professors of Stanford) apart from UGC/MHRD recommended platforms (Already shared with Hamdard Community). Edx is more into Sciences and Coursera is more oriented towards technology and professional courses.Edx also offers social science courses.

Sub: On-line Student Induction Program – eSIP 2020 for newly admitted Students of 2020-21 batch

To enable colleges to conduct the mandatory Student Induction Program (SIP), AICTE is organising eSIP 2020, a Model or sample online SIP. **Schedule (Mode: Online) 8-20 November (Part 1 and 2 in Hindi and English).**

Faculty teaching in SIP are expected to acquire an AICTE certificate of participation in the related ongoing FDPs. This program would be useful, particularly for faculty coordinators in-charge of conducting SIP in your college. For this year only, AICTE has allowed students along with their family (particularly parents) to participate in this program in partial completion of locally, college organised SIP. Registration is required in advance for this workshop. To register, please follow the link: https://forms.gle/Ngh6c7TnaRdxDZpk8 Joining link will be provided.

So, the classes of first year B.Tech (CSE, AI and ECE) and MCA will remain suspended from 9-20th November. All students (batches mentioned above) must register and attend this online program compulsorily as the information will be tracked by AICTE and sent to the department. All teachers should also register in the eSIP. The following teachers will be coordinating the eSIP program:

Dr. Sameena Naaz
Ms. Shabina Ghafir
Dr. Safdar Tanweer
Dr. Sherin Zafar
Dr. Siddhartha Sankar Biswas
Mr. Zeeshan Ali Haq
