- **ONLINE CODING COMPETITION** – This competition will be a clarion call for all coding enthusiasts from all over Delhi-NCR, for an ultimate exhibition of coding skills in Python, Java and C++.
- **TREASURE HUNT** – "All work and no play makes Jack a dull boy" So to break the monotony, we intend to organize a treasure hunt. Recreation mixed with logic, that's what we aim at with this event.

DAY – 2 (18th April)

- **DEBATE COMPETITION** – Aimed at bringing out the best of vocation, this competition will focus on discussion of viewpoints on various technical issues of the age. Competitors from different institutes will have to put forward the best clauses and interjection, which will be a test of both knowledge and opinions.
- **TECHNICAL ESSAY WRITING** – It's one thing to have knowledge about rumbling issues of the technical world, but a it's whole new thing to be able to pen it down in a convincing manner. Putting both vocabulary and efficacy in writing on test, this competition will bring out the best of words from the attendees.
- **BEST OF WASTE** – Getting the best out of waste is the most important way one can contribute to the environment. Materials that are popularly used for best out of waste projects are newspapers, cords and threads, buttons, candy sticks, recycled bulbs, plastic bottles, any old furniture that can be revamped, the list is endless.
- **WORKSHOP ON PYTHON** - Inviting speakers and delegates from all over, we believe organizing a workshop is cardinal for this event. Not only will this provide all the attendees a chance to interact with denizens of the technical world, it will also create an aura where everyone will be able to learn something new and better, and leave the event with something fresh in terms of ideas and knowledge.
