Policy Statement

Jamia Hamdard is committed to protect the Environment by maintaining a Green, Eco-friendly campus, and by creating an awareness among its stakeholders both as individuals and members of the society, to contribute to making the earth, our common home, a sure haven, and a comfortable abode for the posterity.

Environment being the basis of life its conservation is an indispensable aspect of education. Future Technologies should emphasize the dependence between technology and nature. Proper Environment Management is essential for sustainable development and the Environment and Green campus Policy of Jamia Hamdard is designed in tune with the United Nation's Sustainable Development Goals 2030, realizing that protection of Environment is part of the Institution at social Responsibility for the survival of humanity.

Besides initiatives for Environment Protection the Environment Policy includes Energy Management, Waste Management and Water Management which are dealt with separately considering the importance of each, and policies and procedures have been formulated for these topics.

Objectives

- Promoting & Benchmarking for environmental protection initiatives
- To encourage projects on environmental assessment
- To impart awareness about clean green campus
- To initiate sustainability practices in the campus and among stakeholders
